

PORTABULL 20' COLD STORAGE CONTAINERS

Portabull offers the country's most advanced, durable, economical, and eco-friendly 20' portable on-site cold storage. All units can freeze, refrigerate, or maintain a specific temperature range, and are backed by a leak-free guarantee and 24/7 live support.

While some companies consider cold storage a "specialty product" in their list of offerings, here at Portabull, it's our sole focus, and our goal is to be the easiest company your business works with.
